Presentation Of Awards 1976-77

SPORTSMAN OF THE YEAR AWARD
Russ Morrison Memorial Award
MacFarland Sportsman of the Year Award
Hall of Fame Inductees 1977
Masters Competition

The Masters Sports Program is growing rapidly and Santa Barbara has competitors in the thick of it. Club West has 12 members that between them they hold several World Records for their age classification.

There is one class known as Sub-Masters (30 to 39 years of age) while Masters are from 40 up, divided in five year increments. A few women compete but with the rapid growth of sports for girls and women, the women in the Masters program is expected to grow. The Santa Barbara Swim Club also has Master competitors.

Club West will host the National Decathlon June 4 & 5 and together with the City of Santa Barbara Recreation Division stage an annual meet the first Saturday in October. The National Indoor Meet was in Chicago this year while the Outdoor Meet will be held in Sweden and Club West will be represented there.

For further information on this program, call 965-3613 or 687-6323.

A special “Thank You” to our advertisers. Their support helps make this annual event possible.

Thanks to the committee who arranged the affair for this evening, Dos Pueblos High School Graphics for setting up the program you are reading; to Jerry Harwin for gathering the ads and arranging for the Donors Page and to Frank Swain, our Historian, who is responsible for digging out most of the pertinent information that makes this printed program even more interesting.
Dear Sports Fans,

Tonight’s Annual Hall of Fame Banquet marks the close of another successful year for the Santa Barbara Athletic Roundtable.

The first annual “Sports Person of the Year Award” will be given tonight to a person who had been the most responsible for the success of an ongoing sports program on the Santa Barbara South Coast.

The Roundtable has also created the “Russ Morrison Memorial Golf Scholarship” which will be awarded for the first time tonight to a graduating high school senior golfer who will be going on to college to play golf. A special reserve fund will assure the continuation of this scholarship to be given annually. I would personally request your donation to this fund.

Based on the success of the Roundtable’s First Annual Sports Benefit Golf Tournament which was co-sponsored with the Summer Sports Festival, plans are now being finalized to hold the Second Annual Tournament on August 20 and 27. We invite you to compete in our tournament.

The Roundtable Board of Directors extends its congratulations and best wishes to the boys and girls, men and women who are tonight’s award recipients.

Join us in September at our Monday Press Luncheons, and please consider becoming a member of the Roundtable.

Good Sports!

President
Santa Barbara Athletic Roundtable
In the spring of 1966 two of Santa Barbara’s leading sports enthusiasts, Jerry Harwin and Caesar Uyesaka, recognizing the need for an organization dedicated to the assistance and recognition of all sporting activities and athletes in the greater Santa Barbara area, decided on the formation of such an organization. During a period of just three months the Round Table grew to an astounding membership of over 300 citizens also dedicated to the same goals and ideas.

With funds derived from dues, contributions and fund-raising events the Round Table has contributed over $25,000 to help support sports in the area. Besides its assistance to sports, athletes and athletic groups, the Round Table through the efforts of its second president, Bill Berkta, established the highly successful and popular weekly “Press Luncheons” that bring news media, prominent athletic personalities, coaches, athletes, and interested supporters together. These luncheons are presided over by the present president of the Round Table.

The Round Table also established the Annual Hall of Fame Banquet, honoring the outstanding athletes of the year and inducting new members into the Athletic Hall of Fame. Today, the Round Table numbers nearly 300 members with yearly dues of only $5.00 and has become the leading organization in the community for the promotion and publicity of all sporting events and assistance to all sports in general.

Dear Friends of the Round Table:

On behalf of the City and Recreation Division staff, congratulations to the athletes, coaches and community leaders receiving awards tonight. Your achievements contribute in many ways to the quality of community sports and recreation activities in the south coast area.

It is a distinct pleasure for the Recreation Division to be associated through cosponsorship with the Santa Barbara Round Table. Round Table programs and services have a tremendous impact on people of all ages and sports interests, and the growth of individual "lifetime" community sports and recreation opportunities. The Recreation Division staff looks forward to a continuing relationship in support of Round Table endeavors.

Again, we commend all the area athletes and coaches for their fine accomplishments this past year and wish all of you the best of sports in the future.

Sincerely,

Richard C. Johns
Recreation Superintendent

COACHES - COACHES - COACHES
By George Adams

There are coaches and there are coaches but the ones on the South Coast stack up with the best and we believe that we are fortunate to have these men and women handling our athletes. It is our observation that they are in good hands when they turn out for sports.

Many communities are not as fortunate and the rivalry that develops is not of the highest caliber and at times this rivalry spills over into other community activities with dire results. Gang fights, damaged property and hard feelings have resulted. Most of the time these things could have been avoided if the coaches approached athletic competition between community schools in the right manner.

Attend the Monday Round Table meetings. Observe the manner our coaches approach the games with "cross town rivals." It is gratifying to see. On at least one program this past year a high school athlete, upon accepting an award, commented on the fact that the coaches are responsible for developing a keen rivalry that is under control.

Sports influence many of our young people more than any other single activity in their total academic program. The coaches are largely responsible for this. A sound, vigorous sports program is an important part in the lives of those who participate and reaches far beyond the athletes themselves to the bands, song girls, cheer leaders, homecoming queens and their escorts and on and on. All but a few of the students take pride in a well run sports program and the total impact on the entire community is impossible to measure.

The members of the Round Table, who stage this recognition program are proud to be a small part of the total and would like to take this opportunity to say to our coaches, who spend endless hours in preparing their athletes for keen competition—"Keep up the good work. Even though only two or three are singled out for special recognition today, in our books you are all coaches of the year!"

Santa Barbara's ever-changing sports scene added a new dimension this year when the American Soccer League decided to put a pro franchise here.

The addition of the Santa Barbara Condors brings to two the number of pro teams in town. Despite rough sledding last summer when the team almost folded, the Santa Barbara Spikers of the professional International Volleyball Aaa, will kick off their third season next month under what has been described as a sounder financial footing.

If pro sports is beginning to make a foothold here, local school sports continue to enjoy great success.

Santa Barbara High captured its third straight CIF soccer championship this past season and Bishop Diego High's girls basketball squad reached the finals of the CIF playoffs as well. San Marcos High's golf team was rated one of the top prep teams in the state at the time of this writing.

on the junior college level, Santa Barbara City College is wrapping up its most successful year in history. The basketball team, under coach Ed Delacy, came within a cat's whisker of winning the state championship. While a loss to Cypress in the finals of the state tournament ended their season on a losing note, the Vaqueros still managed to win the Western State Conference crown en route to posting the best record in the school's history.

The SBCC football team, led by coach Bob Dinaberg, tied for the WSC championship for the umpteenth time and in doing so earned a berth in the second annual Mission Bowl. It marked the first time in over a decade that a Vaquero football team had gone on to play in a post-season bowl game.

Bob Moore's SBCC volleyball team also concluded its best campaign in history. In addition to trying for the conference title the team ended up ranked No. 2 in the state.

On an individual level, Anne Tweedy set a national swimming record and auto race driver Bill Freeman won a national title in his class. Paul Hartloff brought the city world recognition by gaining a berth on the U.S. Olympic swimming team.

The local sports community also had its sad moments. Albert (Dutch) Steinert, a member of the Santa Barbara Athletic Round Table Hall of Fame, succumbed to old age recently. He has been described as one of the greatest athletes ever to come out of Santa Barbara High.

Golfers also mourned the deaths of Ray Geiberger, an active golfer in the community and father of touring pro Al Geiberger, and Russ Morrison. The senior Geiberger was killed in a plane accident while Morrison, a promising young golfer, lost a three-year bout with cancer.
