* Deceased
The Santa Barbara Athletic Round Table Scholar Athlete of the Month Award was initiated in September 1986 after the Round Table's Board of Directors recognized the need to honor those students who are not only successful athletes, but who maintain strong academic and extracurricular credentials.

Qualifications for nomination include participation in varsity athletics at the high school level and in designated athletic programs at the college level. Academic qualifications include outstanding grade point averages, usually greater than 3.5, in conjunction with other scholarly activities such as honor societies, scientific societies, extracurricular activities and outstanding aptitude test scores for high school. Students have been selected by principals, senior counselors, athletic directors and coaches at the various high schools and colleges in the Santa Barbara area, in association with the Athletic Round Table.

The Athletic Round Table feels that the significance of this award goes beyond recognizing individual students who have outstanding academic and athletic records. It also is a reminder to the community that it is possible for a student to participate in athletics and still maintain outstanding academic achievement. We are proud to present the 1999-2000 Scholar Athlete Awards to:

Abby Tursick
Kevin Blue
Lisa Willett
Apulka Petruka
Lynn Nihet
Angela Crowell
Doug Geyer
Christopher Link
Christopher Petrin
Danielle Berry

Carpinteria High School
Dos Pueblos High School
Santa Barbara High School
Santa Barbara City College
UC Santa Barbara
Westmont College
Laguna Blanca School
San Marcos High School
Cate School
Bishop Diego High School

We hope you will patronize our many business friends and sponsors listed in this program. It is their generosity, along with that of our guests this evening, that helps to contribute to the development of our athletic community and to the lives of these student athletes.

Criteria for selection of the person or organization honored in this category include the characteristics of good sportsmanship and demonstrated leadership abilities in the area of sports or athletics. The honoree must be a layperson to the activity, with service to others as a visible priority in his or her lifestyle or the structure of the organization. Awards will be made for accumulated demonstration of service and or for specific projects.

Aaron Bishop
Bob & Terri Jo Ortega

### The Banquet Committee

- Pat Moorhouse MacPhie, Chairperson
- Paul Menzel
- Chris Casebeer
- Larry Crandell
- Annamaria Hamilton
- Bob Huhn

### Founders & Past Presidents

#### 1999-2000
- Jerry Harwin, Founder (1968-70)
- Bill Bertka, President (1970-72)
- Larry Crandell, President Elect (1972-74)
- Bill Blythe, President 1974-80
- Craig Case, President 1980-85

### Board of Directors

- Chairman of the Board: Larry Crandell
- President: Joe Howell
- President Elect: Chris Casebeer
- Secretary: Jeff Nelson
- Treasurer: Steve Kriz

The USA reveres winners, but we seem to reserve our greatest admiration for those who wear the title of Gold Medal winner and Olympic Champion. When you add adversity, determination and character to those terms, and put them in a swimming pool, you will have defined the ultimate Olympian, Jeff Farrell.

As the world's fastest swimmer in 1960, he underwent an appendectomy six days prior to the Olympic Trials. That didn't stop a 22-year old bent on swimming for his country in Rome, Italy. Tightly bandaged, he qualified for two relays. He anchored both to Olympic gold medals and world records. He wears those proudly, but it is not gold medals for which Farrell is being inducted into the SBART Hall of Fame.

Perhaps the most impressive feat was his 23.28 seconds in the 60-64 age group 50 meter freestyle. That is an incredible sprint, but even more incredible is the fact that it is only .68 of a second slower than his world class 22.50 of 40 years ago. Or is it the fact that in 1999, at 62, Farrell won seven national events and in 1998 set three world records in the 50, 100, and 200 meter freestyle.

Masters are proud of their age. Jeff Farrell swims in the 60-64 year old age group, and if there was dust in a pool, Farrell's opponents would be left in it. Maybe he just leaves them in bubbles as he zips by.

Quoting a 1998 column by Joe Coplan in the New York Times could save us time. "... this gold medalist from the 1960 Rome Olympics might win the over-50 vote for the Athlete of the Century." If that isn't enough, Farrell has been president of Semana Nautica, was named one of "America's Most Referred Realtors" and was a recipient of the R.F. McFarland Award as a community leader.

Joe Howell, President
Santa Barbara Athletic Round Table
Thirty three years ago, Jerry Harwin and Caesar Uyesaka sipped coffee at Caesar's Restaurant, talking about the need for a sports group in Santa Barbara that could help the local athletic community in times of need. After Jerry and Caesar shared a couple more coffee breaks together, the Santa Barbara Athletic Round Table was born. Its motto: The advancement and betterment of all sports and athletics in the greater Santa Barbara area.

The Round Table got off to a fast start. Its first organizational meeting was held at Santa Barbara's East Beach on January 25, 1968. Hundreds of people attended this meeting and over 200 joined that evening as Charter Members.

The Round Table's first annual banquet was held at Santa Barbara City College on June 22, 1968. A number of outstanding athletes in a variety of sports were honored; the evening's highlight was the induction of local athletes into the Round Table's Hall of Fame.

Harry's Plaza Cafe was the site of the Round Table's first press luncheon held on September 14, 1970. The luncheons, initiated by the new-president, Bill Bertka, were similar to a "Monday Morning Quarterback Club." All nine area schools were represented by the head coaches of the sport in season. For 30 years, the Round Table luncheons have been held at Harry's every Monday, attended by standing-room only crowds.

Since its first meeting back in 1968, the Santa Barbara Athletic Round Table has helped hundreds of individuals and organizations by raising funds to support their athletic programs. Through membership dues, contributions, fund-raisers, and grant applications, the Round Table has raised more than $1,800,000.

Funds are distributed according to need. The Round Table is proud to help student-athletes at all levels compete in events they would otherwise not have been able to attend. With continued community support, we at the Round Table are confident that Santa Barbara's sports opportunities will continue to grow with each new season.

The resume of Coach Chet Kammerer is filled with successes, wins, championships, professionalism and family. We of the SBART would like to add a title: Chet Kammerer - Good Person. At a time when strength of character and decency are more important than ever before, we are proud to raise your name as a role model for our young people to see and to emulate.

Returning to his alma mater, Chet coached the Grace College basketball team to a record of 183-1, good enough to capture the attention of a small college in Santa Barbara. In the next seventeen years, Chet Kammerer led his Westmont College basketball team to an astounding 359-156 record, averaging over 21 wins per season. He won five District 3 championships and two regular season titles - all against top NAIA competition.

An indicator of the strength of the Westmont program was its five invitations to the National NAIA Tournament, highlighted by a number one national ranking and a Final Four appearance. That 1983-84 team finished the season at 31-4. During those years of basketball success, Athletic Director Kammerer was also leading the entire Westmont athletic program into an impressive position of strength in the NAIA.

Following his successes at Westmont, he joined the ranks of professional basketball with the LA Lakers and remains at that level as Director of Scouting for the Miami Heat.

He is no stranger to accolades; he is a member of Westmont's Hall of Fame and was inducted into the NAIA Hall of Fame in March 2000. When Coach Kammerer leaves tonight, his photo will hang on the wall as a member of the SBART Hall of Fame.

Chet, we are proud to be associated with you. Congratulations to you, your wife Sherill, daughters Shanda and Shariss, son Chad and your grandson.
In 1989 Norris Fletcher was offered the varsity football job at Bishop Garcia Diego High School. This was the offer: the Cardinals had not had a winning football record in ten years; he would have to recruit his own staff; the co-ed student population was at an all-time low of 190 students, and there were serious considerations about closing down the school. How about it, Coach, interested? Interested? Not only did Norris Fletcher accept the job and its inherent problems, he did so with a tenacity seldom experienced at a small high school. His influence led the school from the pit of despair to its highest level in history and a very significant increase in the school population.

What about football? The end of his fourth year found the Cardinals in CIF Finals against a powerhouse Montclair Prep. From a 3-7 season in 1989 to a 9-2-1 year in 1996, with 51 wins, 37 losses, and 2 ties. His Cards won two Tri-Valley League titles and gained berths in the CIF playoffs for five straight years. In the rich tradition of Cardinal football, only four Cardinal teams have won nine games. Three of those were coached by Norris. His record against rival power Carpinteria was 2-2-1.

No stranger to awards, Norris was selected “Coach of the Year” by the SBART in 1993 and was honored three times by the Tri-Valley League as their “Coach of the Year.” But more important were the contributions he made to the youngsters fortunate enough to have experienced his counsel. He became a father-figure for numerous at-risk kids and helped them achieve at their maximum level.

One of his colleagues has said: “Bishop Diego HS and Santa Barbara are much better places for having the benefit of the heart and soul of Norris Fletcher and his wife, Barbara.” The Cards are proud, Coach Fletcher!

Russ Hargreaves was a dedicated member of the Santa Barbara Recreation Department. He spent a lifetime creating opportunities for others to enjoy the benefits of recreational activities. He loved jogging and was committed to total body fitness. He knew that a healthy mind and body was the first step to a happy and productive life. This award is given to a person recognized by the Parks & Recreation Department as a leader in maintaining quality sports programs.

1999 Joe Cote

Joe and Jean Pommier embody these same qualities as those of Russ Hargreaves. Through their dedicated work with the Primo Boxing Club, Jean and Joe Pommier have provided tremendous opportunity for the many young people who have participated in their program. Joe Pommier was himself a product of people who cared. As a young boxer he won 54 fights, was a two-time L.A. Golden Glove champion and a winner of the bronze medal in the 1993 U.S. Nationals. Reaping the benefits of his dedication, commitment and great work ethic, characteristics gained through the direction and counsel of the Club, Joe Pommier was the natural choice to become the director of the Primo Boxing Club in 1995. Jean Pommier, co-director of the Club, has lent a distinguishing and supportive element to what was previously only a physical training program. Through her efforts the Boxing Club participants now enjoy computer training, tutoring and academic counseling. Many have gone on to college and are leading productive lives.

Over the years the Pommier Team has committed itself to the many neighborhood youth who now call the Primo Boxing Club a second home. Through their combined efforts, many at-risk young individuals who had been on the road to disappointment, either through their involvement in gangs or other high-risk behavior, have credited their association with Joe and Jean Pommier as the turning point in their lives.

Asked what they enjoy in their personal lives, they both answer: “This is our personal life!” They take after your heart, Russ; you would be proud.
**Special Olympics Mayor's Trophy**

This award was first established by Mayor David Shiffman. It is presented annually to a "Special Olympic Athlete."

- 1999: Trinity Fiduccia

**HISTORY OF SANTA BARBARA SPECIAL OLYMPICS**

Special Olympics was founded in 1968 by Eunice Kennedy Shriver to provide year round sports training and competition for children and adults with mental retardation. Special Olympics has been in Santa Barbara since 1969 and currently serves over 340 athletes. There is never a fee charged to participants, and the coaches serve in a volunteer capacity.

The motto of Special Olympics is *Training for Life.* The programs give athletes more than physical conditioning; they promote greater confidence, self-esteem, better socialization skills and the experience of being out in the world as a contributing member. An athlete must learn how to be a good winner and how to accept defeat. Peripheral skills such as time management, commitment to teammates, the ability to travel and be responsible for oneself and one’s belongings and the ability to adapt to changes are assimilated as well.

Athletic training and competition are provided in softball, basketball, bowling, power lifting, swimming, soccer and track and field. Recently, Santa Barbara Special Olympic athletes competed in the International World Games and brought home gold medals in basketball and swimming.

We are sorry that we are unable to present this award at the banquet. We currently are revising selection criteria to reflect the dignity and triumph of the Special Olympic Spirit.

---

**2000 HALL OF FAME**

**Chuck Kelsey**

Community Leader

Come on, Chuck, make up your mind.

Are you going to: announce Carpinteria HS football games (20 more years); be a volunteer coach; serve as president of the Carpinteria Youth Athletic Association; develop public parks; lead the Boys Club of Carpinteria; serve the Carpinteria Boosters as prez; build high school baseball facilities; publish football programs; assist SBCC through their Athletic Associates; or build football stadiums?

Or are you going to run more marathons and 10K's, hike Mt. Whitney or descend into the Grand Canyon, fly twin engine airplanes, or keep running the same number of miles as your age like you did running from Fillmore to Carp on your 40th?

Of course you could always continue announcing SBCC football games and Russell Cups, chair more Carp-Bishop Alumni games and facilitate the SBCC Associates telethon which raises funds for all teams.

In between you can continue your efforts to promote the student-athletic academic tutoring program. The community should have been suspicious when Chuck Kelsey became Sophomore class, Junior Class, Student Body President and captain of the football team at Carpinteria High School.

Maybe its time for a little payback, from the community to Chuck Kelsey. The City of Carpinteria started it when they selected Chuck as their "Carpinterian of the Year" in 1982 and the Russell Cup Committee named him their Honorary Meet Director.

Tonight, the SBART is offering its appreciation and saying: "Welcome to our Hall of Fame, Chuck Kelsey." What of his future? "To enjoy watching his seven grandchildren grow up and to encourage them to become enthusiastic participants in life rather than spectators." Nobody ever accused Chuck of being a spectator, you're lucky kids. Congratulations Chuck, Suzy, Chris, Mike, Candi and Stacy.
Andrea Serrano is a true Santa Barbara Athletic Round Table alum. Andrea was a 6-time SBART Athlete of the Year, 3 while at Dos Pueblos HS and 3 while at UCSB. Andrea is very modest about her achievements. You decide. Dos Pueblos HS MVP, All-Channel League and All-CIF were just a few of the honors Andrea garnered while pitching (and playing) softball into a position of power. She emphasizes the fact that her performance, maturation, and any successes bear a direct relationship to the influence of her friend and coach, the late Jennifer Moreland.

Her transition from high school to university was less successful than ever imagined. Her frosh year at UCSB found her struggling academically and athletically as her Gaucho team suffered through a 6-50 season. Then the real Andrea Serrano stood up. She broke her cheekbone in a pre-senior season freak softball accident. So what? Just wear a protective cage and get on with the game. That same spirit and determination made her an Academic All-American.

She majored in Speech and Hearing Sciences, obtained an M.S. in the same field, and what is she doing now? "I love my job as a speech-language pathologist working with special needs students ages 5-22."

She credits her family for any successes; her mother Joan was a recipient of the Louise Lowry Davis Award, her dad coached and her siblings competed. She lives in Tucson, is a Yoga instructor and loves to hike. Her proud moments include: "Teachers or parents expressing how you are making a difference in their kid’s lives."

Overcoming adversity defines Andrea Serrano. Typically her proudest moments are not individual accomplishments; they include a Gaucho win over UCLA during a record-setting Bruins’ win streak.

Andrea Serrano
Outstanding Athlete

Louise Lowry Davis was Supervision of the S.B. Recreation Dept. for over 30 years before retirement in 1966. As director of the Women's Sports League, she made women's sports activities one of the biggest draws in town in the 1930's and 1940's. Louise was a State Champion and nationally ranked in 1936 and 1939 in table tennis. Over the years, Louise has generously contributed to the youth of Santa Barbara. This award is given to a person recognized as a player, coach or sponsor who excels in leadership and sportsmanship.

Past Recipients
1989 Jennifer Moreland
1990 Joan Serrano
1991 Kathy Gregory
1992 Alice Henry
1993 Kathleen O'Connar
1994 Ellen T. O'Connor
1995 June Frederick
1996 Pat Moorehouse-MacPhee
1997 Joan Russell
1998 Kira Anthofer
1999 Steve Konishi

PAULA RUDOLPH

The spirit of Louise Lowry Davis is alive in Paula Rudolph. As Sexual Harassment Title IX Officer at UCSB, Paula has steadfastly advocated for equitable treatment of women in sports and their programs, working tirelessly to increase their visibility. Not only does she serve in her position, one that is a model for the UC system and campuses around the country, she defines it. She was appointed to her position in 1992, a year in which she won the Margaret Getman Service to Students Award for her extraordinary contributions to the personal development of students and to the quality of life on campus.

Paula has a degree in French, a Master's, a Ph.D. and is a member of Phi Beta Kappa, and won a Regent's Fellowship.

Paula was instrumental in promoting the first Fill the Dome effort in Women’s Basketball and for obtaining a speaker for National Girls and Women in Sports Week. She worked diligently with the SBART and the UCSB Women's Center to bring prominent athletes Mariah Burton Nelson and Diana Nyad to UCSB and to the community. She also worked with the Santa Barbara News-Press sports staff to ensure that women's sports would be represented in a fair and equitable manner.

She has conscientiously served on the Intercollegiate Review Committee and the NCAA Certification Committee. Her devotion demonstrates that gender equity is created over time, moment by moment, effort by effort. This community is grateful to Paula Rudolph for her commitment to women and their sports. Louise Lowry Davis would be proud.
R.F.
MacFarland Memorial Trophy

R.F. MacFarland was one of the founders of Semana Nautica in 1936. This award is given annually to the person or organization who best exemplifies community leadership in the area of sports and athletics. It is sponsored by the Elks Club, Recreation Dept., local media, & the Semana Nautica Association.

Joan Russell

Joan Russell has been a leader in athletics, coaching and community recreation. She has been an outspoken proponent for equal rights for women's athletics since the early days of Title IX. As an athlete, Joan lettered in Volleyball and Track and Field at UCSB and was named SBART Athlete of the Year in her senior year in both sports. After a nationally-ranked college career, Joan made her first USA Track & Field team and continued to compete internationally in pentathlon/heptathlon for 6 years, including 2 top ten finishes at the 1980 and 1984 Olympic Trials.

Joan has served on the Executive Women's Committee of the USA Track & Field organization and worked with the Pan Am Games and World Championships. As the first woman president of the SBART, Joan provided leadership to the entire athletic community. She also helped start the annual Women & Girls in Sports luncheon. She served for 5 years on the UCSB Intercollegiate Athletics Committee, volunteered as an assistant track coach at Westmont for 3 years, was instrumental in organizing the SB Soccer Coalition and was the 1997 recipient of the Louise Lowry Davis Award. Currently she serves as Executive Director of the Elings Park Foundation. For nine years, Joan has served on joint use committees with SBCC, Santa Barbara School District and the City and distributed hundreds of tickets for children from broken homes. While Ray Orosco never lived to see his son Jesse close out the Red Sox, he did see him play major league baseball, something he knew would happen. Jesse's mother lives in Carpinteria. Jesse is married to Leticia and brags about his three children.
In reviewing the career of Steve Pate you will see the word champion over twenty times, ranging from junior golf to the PGA. In between those milestones are team and individual honors at the high school, university, amateur and professional level. From the junior level in Santa Barbara, Steve went on to lead the San Marcos HS Golf Team to the CIF Championship, won the Channel League Individual Championship play. Three individual championships, CIF Individual Champion. Then on to junior level in Santa Barbara, Steve went on to lead junior golf to the CIF Division I Southern Section semi-finals. During the first 3 years of high school, she also played on the Volleyball Club Team.

Kelly Baker will graduate from Dos Pueblos High School in June with a 4.49 GPA. Her college choices include Wellesley, Tufts, Harvard and Stanford. Since Kelly is choosing a career in foreign affairs, she intends to major in International Relations. Kelly has been a member of the Girl's Varsity Golf team for 2 years and is described by her coach as a leader. Her academic achievements include four years in both the National Honor Society and the CSF. She served as the lead prosecution attorney for the Mock Trial Team and as an officer in the Junior Statesmen of America. She also volunteers in local political campaigns. Kelly is currently employed part time as a marketing assistant and intern at a brokerage firm. In recommending Kelly for a scholarship, one of her teachers writes: "Kelly shows original and imaginative thought in her work, as well as unfailing cooperation and enthusiasm in all classroom activities. She enjoys an excellent reputation among her peers and is highly regarded by all her teachers."

Kelly's goal for her future profession is to work in an embassy abroad.

Kevin Blue will graduate from Dos Pueblos High School where he has been a valuable member of the football team. As Team Captain and a 3 year Varsity team member, Kevin has won the MVP, Ironman and Outstanding Lineman awards. He plans to major in Life Science at UC Davis and is considering a career in the field of Sports Medicine.

Recently named Scholar Athlete of the year, Kevin holds a 4.04 GPA in a curriculum of college preparatory classes. He serves as the statistician for the Girl's Soccer Team, volunteers his time coaching noon-league football at Kellogg school and is co-founder of the Dos Pueblos Letterman's Club. Currently Kevin is the ASB Treasurer, serves on the yearbook staff, volunteers at the SB Animal Shelter, performs community service through his Leadership class and works in his father's office for 8-10 hours a week. With all this, Kevin prays his mother as the hardest working person he knows. The Assistant Principal of D. P. says: "He is the driving force in many of our extracurricular activities, assemblies, rallies and class competitions. With his wonderful sense of humor, he makes our school a better place to be."
Scholarships 1999-2000

Cox Communications & ESPN Scholarship

WYNNE NORTON

Wynne Norton will graduate from Santa Barbara High School, where she played on the Girl’s Varsity Soccer team for four years and serves as team captain this year.

She has maintained a 4.65 GPA in a rigorous college preparatory curriculum. Wynne plans to major in psychology, with the career goal of becoming a psychologist. She hopes to attend Georgetown University, Tufts University or Duke University.

Outside the classroom, Wynne’s schedule is filled with community service activities. She currently sits on the Executive Board of the Santa Barbara City Youth Council and volunteers her time with Flower Empower, The Alzheimer’s Association and Students Organized Against Prejudice.

Wynne’s teachers recommend her highly, describing her as “dedicated, motivated, confident and caring.” One teacher states that in 35 years of teaching, Wynne rates in the top 1-2% of the students he has ever taught.

TRENT WEISEN

Trent Weisen will graduate from Dos Pueblos High School in June. He has played on the Water Polo Team for four years and is the 1999 MVP and Team Captain. During his career, he has earned virtually every honor and award possible in the field of Water Polo.

He has maintained a 4.36 GPA in a rigorous college preparatory curriculum and will attend Stanford University in the fall. Trent’s career goal is to become a surgeon.

In addition to his athletic involvement, Trent is the 1999 ASB President and is involved in the Student Senate, Junior Statesmen of America, Mock Trial and the Christian Club. Trent recently traveled to Mexico to help the homeless.

Because he has three younger siblings, Trent works during the summer as a beach lifeguard to help with expenses. His work supervisor recommends him highly, stating: “I’ve never known a young person as broadly successful in so many areas as Trent.”

**PAYTON JORDAN**

Payton is a member of 13 Halls of Fame holding U.S. and World Records. He lives with his wife Marge at Santa Barbara's Vista del Monte, and we would say it is a retirement community except that he might take offense. He says: “Memories are wonderful, but I like the future better;” that doesn't sound much like a person planning to sit in a recliner. Payton Jordan is 83 years old, and his memories could be listed with Mr. Guiness.

As one of the world's fastest ever, Jordan missed an opportunity to lead the U.S. Olympic Team to a gold medal championship. Seems like a war and cancellation of the games interfered. But destiny prevailed. As coach of the 1968 U.S. Olympics Track team, his athletes won 24 gold medals at Mexico City - an Olympic record.

He is a member of thirteen Halls of Fame including Stanford University, National Track and Field (as both an athlete and coach,) and most significantly he is in the Master’s Hall of Fame. He is the Stanford University Track Coach Emeritus, a most unique honor and true testament to the exalted status he has attained.

But the SBART is recognizing Payton Jordan as an elite member of that incredible group of athletes called “Masters.” He is a true Master and an inspiration to seniors in every aspect of their lives. His Masters legacy is etched into U.S. and World records. In 1972 he was the world's fastest 55 year-old sprinter - a 14.52 100. He holds world records in the 70, 75, and 80 year old categories in the 100 and 200. At 82 he ran an incredible but wind-aided 14.93, then followed it up on the same day with a U.S. record 15.6. Tough to compete against a Master like this!

MIKE GIULIANO
Westmont

Mike Coach of the Year Giuliano has almost retired that term, like perpetual trophies that have been won by the same team or person for several years. Since his Westmont College coaching career began seven years ago, Mike Giuliano has won six Coach of the Year honors. His colleagues in the Golden State Athletic Conference have honored him four times, while he was also named by the NAIA and the National Coaches Association of America as their "Coach of the Year."

Over the past six seasons, Coach Giuliano has guided the Westmont College Women's Soccer program to a level of national prominence, including the prestigious 1999 NAIA National Championship. During those years Giuliano's teams have won at least 14 games per year, with two of those seasons setting a school record at 21 wins - twice. All of this success has been against NCAA Division I teams, as well as nationally ranked NAIA and NCAA Division II and III levels. Even at that level of competition, Coach Giuliano's record at Westmont is 118-33-8 for a winning percentage of .767. Giuliano's Warrior players have garnered 15 NAIA All-American honors, including the NAIA Player of the Year. He has produced 21 all-conference players, three GSAC Players of the Year, and five NAIA all-American Scholar-Athletes.

The other Mike Giuliano is Dr. Mike, professor of Communications Studies at Westmont who shares his successes with wife Barbara, sons Justin and Joshua, and daughter Linnae.

JON LEE
San Marcos High School

Athletic genes run strong, especially if your name is Lee. Jon Lee, Boys and Girls Volleyball coach at San Marcos High School since 1984, played high school basketball at Reseda HS in the San Fernando Valley. His coach? Lonnie Lee, a veteran of 25 coaching years and a former UCLA player. Yes, Jon's father. Jon's volleyball background is filled with activity at the highest level. His career as a UCSC player in the late 1960's was accentuated by a National Championship and a two-time selection as an All - American. He then moved the Lee Show to the beach where he became a AAA-rated player and partnered with 'little brother' Greg Lee. Karch Kiraly, Bill Walton and others.

He coached Men's Volleyball at Westmont in '81-83 and is now a full-time English teacher at San Marcos. But it is his work with Royals Volleyball for which he is being honored tonight. That work has resulted in five Channel League Championships for his girls team and seven for the boys, punctuated by a Boys Division I CIF Championship in 1991. However, it was the total domination for the Royals in the year 1999, winning both Boys and Girls CIF Division II Championships, that is "Coach of the Year" material. That level of accomplishment is in keeping with his devotion to the sport. Jon Lee has played and officiated professional volleyball, is an editor/writer for Volleyball Magazine and has served as a commentator and analyst for ESPN television broadcasts.

He lists as a true source of pride the hundreds of young people who have developed a love of the game under his tutelage and guidance.

PAYTON JORDAN
Payton is a member of 13 Halls of Fame holding U.S. and World Records
He lives with his wife Marge at Santa Barbara’s Vista del Monte, and we would say it is a retirement community except that he might take offense. He says: “Memories are wonderful, but I like the future better;” that doesn’t sound much like a person planning to sit in a recliner. Payton Jordan is 83 years old, and his memories could be listed with Mr. Guiness.

As one of the world’s fastest ever, Jordan missed an opportunity to lead the U.S. Olympic Team to a gold medal championship. Seems like a war and cancellation of the games interfered. But destiny prevailed. As coach of the 1968 U.S. Olympics Track team, his athletes won 24 gold medals at Mexico City - an Olympic record.

He is a member of thirteen Halls of Fame including Stanford University, National Track and Field (as both an athlete and coach,) and most significantly he is in the Master’s Hall of Fame. He is the Stanford University Track Coach Emeritus, a most unique honor and true testament to the exalted status he has attained.

But the SBART is recognizing Payton Jordan as an elite member of that incredible group of athletes called “Masters.” He is a true Master and an inspiration to seniors in every aspect of their lives. His Masters legacy is etched into U.S. and World records. In 1972 he was the world’s fastest 55 year-old sprinter - a 14.52 100. He holds world records in the 70, 75, and 80 year old categories in the 100 and 200. At 82 he ran an incredible but wind-aided 14.93, then followed it up on the same day with a U.S. record 15.6. Tough to compete against a Master like this!

Cox Communications & ESPN Scholarship

**WYNNE NORTON**

Wynne Norton will graduate from Santa Barbara High School, where she played on the Girl's Varsity Soccer team for four years and serves as team captain this year. She has maintained a 4.65 GPA in a rigorous college preparatory curriculum. Wynne plans to major in psychology, with the career goal of becoming a psychologist. She hopes to attend Georgetown University, Tufts University or Duke University.

Outside the classroom, Wynne's schedule is filled with community service activities. She currently sits on the Executive Board of the Santa Barbara City Youth Council and volunteers her time with Flower Empower, The Alzheimer's Association and Students Organized Against Prejudice.

Wynne's teachers recommend her highly, describing her as "dedicated, motivated, confident and caring." One teacher states that in 35 years of teaching, Wynne rates in the top 1-2% of the students he has ever taught!

Cox Communications & ESPN Scholarship

**TRENT WEISEN**

Trent Weisen will graduate from Dos Pueblos High School in June. He has played on the Water Polo Team for four years and is the 1999 MVP and Team Captain. During his career, he has earned virtually every honor and award possible in the field of Water Polo.

He has maintained a 4.36 GPA in a rigorous college preparatory curriculum and will attend Stanford University in the fall. Trent's career goal is to become a surgeon.

Athletes of the Week 1999-2000

Sponsored by the Santa Barbara News-Press
Presented at the Round Table's Weekly Press Luncheon
Steve Pate
Outstanding Athlete

In reviewing the career of Steve Pate you will see the world champion over twenty times, ranging from junior golf to the PGA. In between those milestones are team and individual honors at the high school, university, amateur and professional level. From the junior level in Santa Barbara, Steve went on to lead the San Marcos HS Golf Team to the CIF Championship, won the Channel League Individual Championship with a record 11 under par 133 and was the CIF Individual Champion.

From 1978 to 1979 Steve was both the SB City and SB County champion and West Coast Amateur champion. Then on to UCLA and yet another level of championship play. Three individual championships, two PAC-10 Team Championships, All Conference, PAC-10 Athlete of the Year and, the most elusive title: First Team All-American.

In 1984 Steve graduated from UCLA, attended the Tour School and was off to the PGA. In his first big finish Steve was a playoff runner-up at the Georgia Pacific in Atlanta, then won the Southwest, Tournament of Champions, Andy Williams, Honda, Buick, and CVS Classic. He was selected as a team member on both the 1991 and 1999 US Ryder Cup teams and was a key player in the USA's big win in 1999.

Steve is considered to be in the top three in the PGA for consistency and is 11 for 11 in making the cut this year.

Perhaps the nickname "Volcano" and title of "PGA Tour Comeback Player of the Year" best describe Steve's journey. There were both ups and downs - like injuries - but tonight's honor is about "ups." And it is that spirit and tremendous accomplishment for which the SB Athletic Round Table proudly invites you, wife Sheri, and daughters Nicole and Sarah into its Hall of Fame.

Kelly Baker
Kelly Baker will graduate from Dos Pueblos High School in June with a 4.49 GPA. Her college choices include Wellesley, Tufts, Harvard and Stanford. Since Kelly is choosing a career in foreign affairs, she intends to major in International Relations.

Kelly has been a member of the Girl's Varsity Golf team for 2 years and is described by her coach as a leader. Her academic achievements include four years in both the National Honor Society and the CSF. She served as the lead prosecution attorney for the Mock Trial Team and as an officer in the Junior Statesmen of America. She also volunteers in local political campaigns.

Kelly is currently employed part time as a marketing assistant and intern at a brokerage firm. In recommending Kelly for a scholarship, one of her teachers writes: "Kelly shows original and imaginative thought in her work, as well as unfailing cooperation and enthusiasm in all classroom activities. She enjoys an excellent reputation among her peers and is highly regarded by all her teachers."

Kelly's goal for her future profession is to work in an embassy abroad.

Kevin Blue
Kevin Blue will graduate from Dos Pueblos High School where he has been a valuable member of the football team. As Team Captain and a 3 year Varsity team member, Kevin has won the MVP, Ironman and Outstanding Lineman awards. He plans to major in Life Science at UC Davis and is considering a career in the field of Sports Medicine.

Recently named Scholar Athlete of the year, Kevin holds a 4.04 GPA in a curriculum of college preparatory classes. He serves as the statistician for the Girl's Soccer Team, volunteers his time coaching noon-league football at Kellogg school and is co-founder of the Dos Pueblos Letterman's Club. Currently Kevin is the ASB Treasurer, serves on the yearbook staff, volunteers at the SB Animal Shelter, performs community service through his Leadership class and works in his father's office for 8-10 hours a week. With all this, Kevin prays his mother as the hardest working person he knows. The Assistant Principal of D. P. says: "He is the driving force in many of our curricular activities, assemblies, rallies and class competitions. With his wonderful sense of humor he makes our school a better place to be."
R.F. MacFarland Memorial Trophy

R.F. MacFarland was one of the founders of Semana Nautica in 1936. This award is given annually to the person or organization who best exemplifies community leadership in the area of sports and athletics. It is sponsored by the Elks Club, Recreation Dept., local media, & the Semana Nautica Association.

Joan Russell

Joan Russell has been a leader in athletics, coaching and community recreation. She has been an outspoken proponent for equal rights for women's athletics since the early days of Title IX. As an athlete, Joan lettered in Volleyball and Track and Field at UCSB and was named SBART Athlete of the Year in her senior year in both sports. After a nationally-ranked college career, Joan made her first USA Track & Field team and continued to compete internationally in pentathlon/heptathlon for 6 years, including 2 top ten finishes at the 1980 and 1984 Olympic Trials.

Joan has served on the Executive Women's Committee of the USA Track & Field organization and worked with the Pan Am Games and World Championships. As the first woman president of the SBART, Joan provided leadership to the entire athletic community. She also helped start the annual Women & Girls in Sports luncheon. She served for 5 years on the UCSB Intercollegiate Athletics Committee, volunteered as an assistant track coach at Westmont for 3 years, was instrumental in organizing the SB Soccer Coalition and was the 1997 recipient of the Louise Lowry Davis Award. Currently she serves as Executive Director of the Elings Park Foundation. For nine years, Joan has served on joint use committees with SBCC, Santa Barbara School District and the City and offered her expertise to Semana Nautica and Tennis Patrons.

Joan's athletic accomplishments and professional successes embody the meaning of leadership. She serves as a role model to all women in sports and to professionals who tirelessly serve their communities.

From Santa Barbara High School to Santa Barbara City College to the World Series is a long run. But distance has never been a problem for Jesse Oroso. Since 1979 when he originally signed with Minnesota he has walked 81 miles - all in a major league baseball uniform. That is 1,072 trips of 400 feet from the bullpen to the pitching rubber. Jesse has recently broken one of the most significant records in baseball, appearances by a pitcher. Tied with Dennis Eckersley, Oroso took the mound against - ironically - Minnesota and after the first pitch was the latest baseball record-holder; he had pitched in his 1,072nd major league baseball game.

Even though that is a great record, it is not the truest measure of Jesse's career. His lifetime pitch count of 2,979 is especially notable since he is now pitching in what has become another record: pitching in four decades. After starring at SBHS and SBCC, he has achieved the honor that all major leaguers strive for - playing in the World Series.

Can you remember exactly where you were and how you felt when Jesse Oroso, after recording three wins in the NL Championship Series, dropped to his knees on the mound after pitching the final out against Boston for the 1986 World Series win? We know that SBHS coach Fred Warrecker and SBCC coach Rusty Fairly do. Twenty-one years, two World Series rings (he played for the Dodgers in '88), four decades, two All-Star appearances, and 1,072 games spells "Career."

One of the career records that fans probably have never heard of is the fact that Jesse always buys and distributes hundreds of tickets for children from broken homes. While Ray Oroso never lived to see his son Jesse close out the Red Sox, he did see him play major league baseball, something he knew would happen. Jesse's mother lives in Carpinteria. Jesse is married to Leticia and brags about his three children. He's an avid golfer and is playing baseball at 43. Boy, are we proud to have you in the Hall of Fame, Jesse.
Andrea Serrano is a true Santa Barbara Athletic Round Table alum. Andrea was a 6-time SBART Athlete of the Year, 3 while at Dos Pueblos HS and 3 while at UCSB.

Andrea is very modest about her achievements. You decide. Dos Pueblos HS MVP, All-Channel League and All-CIF were just a few of the honors Andrea garnered while pitching (and playing) softball into a position of power. She emphasizes the fact that her performance, maturation, and any successes bear a direct relationship to the influence of her friend and coach, the late Jennifer Moreland.

Her transition from high school to university was less successful than ever imagined. Her frosh year at UCSB found her struggling academically and athletically as her Gaucho team suffered through a 6-50 season. Then the real Andrea Serrano stood up. She broke her cheekbone in a pre-senior season freak softball accident. So what? Just wear a protective cage and get on with the game. That same spirit and determination made her an Academic All-American. She majored in Speech and Hearing Sciences, obtained an M.S. in the same field, and what is she doing now? "I love my job as a speech-language pathologist working with special needs students ages 5-22."

She credits her family for any successes; her mother Joan was a recipient of the Louise Lowry Davis Award, her dad coached and her siblings competed. She lives in Tucson, is a Yoga instructor and loves to hike. Her proud moments include: "Teachers or parents expressing how you are making a difference in their kid's lives."

Typically her proudest moments are not individual accomplishments; they include a Gaucho win over UCLA during a record-setting Bruins' win streak.

Overcoming adversity defines Andrea Serrano. She broke her cheekbone in a pre-senior season freak softball accident. So what? Just wear a protective cage and get on with the game. That same spirit and determination made her an Academic All-American. She majored in Speech and Hearing Sciences, obtained an M.S. in the same field, and what is she doing now? "I love my job as a speech-language pathologist working with special needs students ages 5-22."

She credits her family for any successes; her mother Joan was a recipient of the Louise Lowry Davis Award, her dad coached and her siblings competed. She lives in Tucson, is a Yoga instructor and loves to hike. Her proud moments include: "Teachers or parents expressing how you are making a difference in their kid's lives."

Louise Lowry Davis was Supervisor of the S.B. Recreation Dept. for over 30 years before retirement in 1966. As director of the Women's Sports League, she made women's sports activities one of the biggest draws in town in the 1930's and 1940's. Louise was a State Champion and nationally ranked in 1936 and 1939 in table tennis. Over the years, Louise has generously contributed to the youth of Santa Barbara. This award is given to a person recognized as a player, coach or sponsor who excels in leadership and sportsmanship.

Past Recipients
1989 Jennifer Moreland
1990 Joan Serrano
1991 Kathy Gregory
1992 Alice Henry
1993 Kathleen O'Connor
1994 Ellen T. O'Connor
1995 June Frederick
1996 Pat Moorehouse-MacPhet
1997 Joan Russell
1998 Kara Anhofer
1999 Steve Konishi

The spirit of Louise Lowry Davis is alive in Paula Rudolph. As Sexual Harassment Title IX Officer at UCSB, Paula has steadfastly advocated for equitable treatment of women in sports and their programs, working tirelessly to increase their visibility. Not only does she serve in her position, one that is a model for the UC system and campuses around the country, she defines it. She was appointed to her position in 1992, a year in which she won the Margaret Getman Service to Students Award for her extraordinary contributions to the personal development of students and to the quality of life on campus.

Paula has a degree in French, a Master's, a Ph.D. and is a member of Phi Beta Kappa, and won a Regent's Fellowship.

Paula was instrumental in promoting the first Fill the Dome effort in Women's Basketball and for obtaining a speaker for National Girls and Women in Sports Week. She worked diligently with the SBART and the UCSB Women's Center to bring prominent athletes Mariah Burton Nelson and Diana Nyad to UCSB and to the community. She also worked with the Santa Barbara News-Press sports staff to ensure that women's sports would be represented in a fair and equitable manner.

She has conscientiously served on the Intercollegiate Review Committee and the NCAA Certification Committee. Her devotion demonstrates that gender equity is created over time, moment by moment, effort by effort. This community is grateful to Paula Rudolph for her commitment to women and their sports. Louise Lowry Davis would be proud.
Special Olympics
Mayor's Trophy

This award was first established by Mayor David Shiffman. It is presented annually to a "Special Olympic Athlete."

Past Recipients

1989 Grant Locker
1990 Susan Carey
1991 Bryan Winger
1992 Amy Petersen
1993 Diego Sandoval
1994 LeAnn Flice
1995 Debra Day
1996 Gerald Martinez
1997 Jeff Gorham
1998 Robert Bryan
1999 Trinity Fiduccia

HISTORY OF SANTA BARBARA SPECIAL OLYMPICS

Special Olympics was founded in 1968 by Eunice Kennedy Shriver to provide year-round sports training and competition for children and adults with mental retardation. Special Olympics has been in Santa Barbara since 1969 and currently serves over 340 athletes. There is never a fee charged to participants, and the coaches serve in a volunteer capacity.

The motto of Special Olympics is Training for Life. The programs give athletes more than physical conditioning; they promote greater confidence, self-esteem, better socialization skills and the experience of being out in the world as a contributing member. An athlete must learn how to be a good winner and how to accept defeat. Peripheral skills such as time management, commitment to teammates, the ability to travel and be responsible for oneself and one's belongings and the ability to adapt to changes are assimilated as well.

Athletic training and competition are provided in softball, basketball, bowling, power lifting, swimming, soccer and track and field. Recently, Santa Barbara Special Olympic athletes competed in the International World Games and brought home gold medals in basketball and swimming.

We are sorry that we are unable to present this award at the banquet. We currently are revising selection criteria to reflect the dignity and triumph of the Special Olympic Spirit.

Come on, Chuck, make up your mind.

Are you going to: announce Carpinteria HS football games (20 more years); be a volunteer coach; serve as president of the Carpinteria Youth Athletic Association; develop public parks; lead the Boys Club of Carpinteria; serve the Carpinteria Boosters as prez; build high school baseball facilities; publish football programs; assist SBCC through their Athletic Associates; or build football stadiums?

Or are you going to run more marathons and 10 K's, hike Mt. Whitney or descend into the Grand Canyon, fly twin engine airplanes, or keep running the same number of miles as your age like you did running from Fillmore to Carp on your 40th?

Of course you could always continue announcing SBCC football games and Russell Cups, chair more Carp-Bishop Alumni games and facilitate the SBCC Associates telethon which raises funds for all teams.

In between you can continue your efforts to promote the student-athletic academic tutoring program. The community should have been suspicious when Chuck Kelsey became Sophomore class, Junior Class, Student Body President and captain of the football team at Carpinteria High School.

Maybe its time for a little payback, from the community to Chuck Kelsey. The City of Carpinteria started it when they selected Chuck as their "Carpinterian of the Year" in 1982 and the Russell Cup Committee named him their Honorary Meet Director.

Tonight, the SBART is offering its appreciation and saying: "Welcome to our Hall of Fame, Chuck Kelsey." What of his future? “To enjoy watching his seven grandchildren grow up and to encourage them to become enthusiastic participants in life rather than spectators.” Nobody ever accused Chuck of being a spectator, you’re lucky kids. Congratulations Chuck, Suzy, Chris, Mike, Candi and Stacy.
2000 HALL OF FAME

Norris Fletcher
Coach

In 1989 Norris Fletcher was offered the varsity football job at Bishop Garcia Diego High School. This was the offer: the Cardinals had not had a winning football record in ten years; he would have to recruit his own staff; the co-ed student population was at an all-time low of 190 students, and there were serious considerations about closing down the school.

How about it, Coach, interested? Interested? Not only did Norris Fletcher accept the job and its inherent problems, he did so with a tenacity seldom experienced at a small high school. His influence led the school from the pit of despair to its highest level in history and a very significant increase in the school population.

What about football? The end of his fourth year found the Cardinals in CIF Finals against a powerhouse Montclair Prep. From a 3-7 season in 1989 to a 9-2-1 year in 1996, with 51 wins, 37 losses, and 2 ties.

His Cards won two Tri-Valley League titles and gained berths in the CIF playoffs for five straight years. In the rich tradition of Cardinal football, only four Cardinal teams have won nine games. Three of those were coached by Norris. His record against rival powerhouse Carpinteria was 2-2-1.

No stranger to awards, Norris was selected "Coach of the Year" by the SBART in 1993 and was honored three times by the Tri-Valley League as their "Coach of the Year." But more important were the contributions he made to the youngsters fortunate enough to have experienced his counsel. He became a father-figure for numerous at-risk kids and helped them achieve at their maximum level.

One of his colleagues has said: "Bishop Diego HS and Santa Barbara are much better places for having the benefit of the heart and soul of Norris Fletcher and his wife, Barbara." The Cards are proud, Coach Fletch!

Russ
Hargreaves
Memorial
Award

Russ Hargreaves was a dedicated member of the Santa Barbara Recreation Department. He spent a lifetime creating opportunities for others to enjoy the benefits of recreational activities. He loved jogging and was committed to total body fitness. He knew that a healthy mind and body was the first step to a happy and productive life. This award is given to a person recognized by the Parks & Recreation Department as a leader in maintaining quality sports programs.

Past Recipients
1977 Stubby Herman
1978 Frank Van Schaik
1978 Bill Van Schaik
1979 Jim Harvey
1980 Anita Watts
1981 Vic de la Cruz

1996 David de Ponce
1997 Kevin Redick
1998 Girls Inc. of Carpinteria
1999 Joe Cato

Joe and Jean Pommier embody these same qualities as those of Russ Hargreaves. Through their dedicated work with the Primo Boxing Club, Jean and Joe Pommier have provided tremendous opportunity for the many young people who have participated in their program. Joe Pommier was himself a product of people who cared. As a young boxer he won 54 fights, was a two-time L.A. Golden Glove champion and a winner of the bronze medal in the 1993 U.S. Nationals. Reaping the benefits of his dedication, commitment and great work ethic, characteristics gained through the direction and counsel of the Club, Joe Pommier was the natural choice to become the director of the Primo Boxing Club in 1995.

Jean Pommier, co-director of the Club, has lent a distinguishing and supportive element to what was previously only a physical training program. Through her efforts the Boxing Club participants now enjoy computer training, tutoring and academic counseling. Many have gone on to college and are leading productive lives.

Over the years the Pommier Team has committed itself to the many neighborhood youth who now call the Primo Boxing Club a second home. Through their combined efforts, many at-risk young individuals who had been on the road to disappointment, either through their involvement in gangs or other high-risk behavior, have credited their association with Joe and Jean Pommier as the turning point in their lives.

Asked what they enjoy in their personal lives, they both answer: "This is our personal life!" They take after your heart, Russ; you would be proud.
History of the Athletic Round Table

Thirty three years ago, Jerry Harwin and Caesar Uyesaka sipped coffee at Caesar's Restaurant, talking about the need for a sports group in Santa Barbara that could help the local athletic community in times of need. After Jerry and Caesar shared a couple more coffee breaks together, the Santa Barbara Athletic Round Table was born. Its motto: The advancement and betterment of all sports and athletics in the greater Santa Barbara area.

The Round Table got off to a fast start. Its first organizational meeting was held at Santa Barbara's East Beach on January 25, 1968. Hundreds of people attended this meeting and over 200 joined that evening as Charter Members.

The Round Table’s first annual banquet was held at Santa Barbara City College on June 22, 1968. A number of outstanding athletes in a variety of sports were honored; the evening’s highlight was the induction of local athletes into the Round Table’s Hall of Fame.

Harry’s Plaza Cafe was the site of the Round Table’s first press luncheon held on September 14, 1970. The luncheons, initiated by the new-president, Bill Bertka, were similar to “Monday Morning Quarterback Club.” All nine area schools were represented by the head coaches of the sport in season. For 30 years, the Round Table luncheons have been held at Harry’s every Monday, attended by standing-room only crowds.

Since its first meeting back in 1968, the Santa Barbara Athletic Round Table has helped hundreds of individuals and organizations by raising funds to support their athletic programs. Through membership dues, contributions, fund-raisers, and grant applications, the Round Table has raised more than $1,800,000.

Funds are distributed according to need. The Round Table is proud to help student-athletes at all levels compete in events they would otherwise not have been able to attend. With continued community support, we at the Round Table are confident that Santa Barbara’s sports opportunities will continue to grow with each new season.

The resume of Coach Chet Kammerer is filled with successes, wins, championships, professionalism and family. We of the SBART would like to add a title: Chet Kammerer - Good Person. At a time when strength of character and decency are more important than ever before, we are proud to raise your name as a role model for our young people to see and to emulate.

Returning to his alma mater, Chet coached the Grace College basketball team to a record of 183-1, good enough to capture the attention of a small college in Santa Barbara. In the next seventeen years, Chet Kammerer led his Westmont College basketball team to an astounding 359-156 record, averaging over 21 wins per season. He won five District 3 championships and two regular season titles - all against top NAIA competition.

An indicator of the strength of the Westmont program was its five invitations to the National NAIA Tournament, highlighted by a number one national ranking and a Final Four appearance. That 1983-84 team finished the season at 31-4. During those years of basketball success, Athletic Director Kammerer was also leading the entire Westmont athletic program into an impressive position of strength in the NAIA.

Following his successes at Westmont, he joined the ranks of professional basketball with the LA Lakers and remains at that level as Director of Scouting for the Miami Heat.

He is no stranger to accolades; he is a member of Westmont’s Hall of Fame and was inducted into the NAIA Hall of Fame in March 2000. When Coach Kammerer leaves tonight, his photo will hang on the wall as a member of the SBART Hall of Fame.

Chet, we are proud to be associated with you. Congratulations to you, your wife Sherill, daughters Shanda and Shariss, son Chad and your grandson.
The USA reveres winners, but we seem to reserve our greatest admiration for those who wear the title of Gold Medal winner and Olympic Champion. When you add adversity, determination and character to those terms, and put them in a swimming pool, you will have defined the ultimate Olympian, Jeff Farrell. As the world's fastest swimmer in 1960, he underwent an appendectomy six days prior to the Olympic Trials. That didn't stop a 22-year old bent on swimming for his country in Rome, Italy. Tightly bandaged, he qualified for two relays. He anchored both to Olympic gold medals and world records. He wears those proudly, but it is not gold medals for which Farrell is being inducted into the SBART Hall of Fame.

Perhaps the most impressive feat was his 23.28 seconds in the 60-64 age-group 50 meter freestyle. That is an incredible sprint, but even more incredible is the fact that it is only .68 of a second slower than his world class 22.5 of 40 years ago. Or is it the fact that in 1999, at 62, Farrell won seven national events and in 1998 set three world records in the 50, 100, and 200 meter freestyle.

Masters are proud of their age. Jeff Farrell swims in the 60-64 year old age group, and if there was dust in a pool, Farrell's opponents would be left in it. Maybe he just leaves them in bubbles as he zips by. Quoting a 1998 column by Joe Coplan in the New York Times could save us time. "... this gold medalist from the 1960 Rome Olympics might win the over-50 vote for the Athlete of the Century." If that isn't enough, Farrell has been president of Semana Nautica, was named one of "America's Most Refered Realtors" and was a recipient of the R.F. McFarland Award as a community leader.

The Santa Barbara Athletic Round Table Scholar Athlete of the Month Award was initiated in September 1986 after the Round Table's Board of Directors recognized the need to honor those students who are not only successful athletes, but who maintain strong academic and extracurricular credentials.

Qualifications for nomination include participation in varsity athletics at the high school level and in designated athletic programs at the college level. Academic qualifications include outstanding grade point averages, usually greater than 3.5, in conjunction with other scholarly activities such as honor societies, scientific societies, extracurricular activities and outstanding aptitude test scores for high school. Students have been selected by principals, senior counselors, athletic directors and coaches at the various high schools and colleges in the Santa Barbara area, in association with the Athletic Round Table.

The Athletic Round Table feels that the significance of this award goes beyond recognizing individual students who have outstanding academic and athletic records. It also is a reminder to the community that it is possible for a student to participate in athletics and still maintain outstanding academic achievement. We are proud to present the 1999-2000 Scholar Athlete Awards to:

Abby Tursick
Kevin Blue
Lisa Willett
Apolka Petrucka
Lynn Nishet
Angela Crowell
Doug Geyer
